

Transgenic Technology 2007

7th Transgenic Technology Meeting
12th-14th February, 2007,
Institute for Molecular Biosciences,
University of Queensland
St Lucia, Brisbane, Australia

Invited Speakers:

Dr Richard Behringer (UT MD Anderson Cancer Center, Houston)

Dr Ric Broadhurst (AgResearch, New Zealand)

Prof David Hume (IMB, Brisbane)

Dr Darryl Irwin (AGRF, Brisbane)

Dr Frank Koentgen (OzGene, Perth, Australia)

Dr Carlisle Landel. (Thomas Jefferson University, Philadelphia)
Dr Michelle Lane (University of Adelaide & Repromed, Adelaide, Australia)
Dr Klaus Matthieu (Australian National University)
Dr Stefan Moisyadi (University of Hawaii)
Dr Andrew Perkins (IMB, Australia)
Dr Stuart Read (Australian Phenomics Facility)
Dr Jillian Shaw (Monash University, Melbourne)
Dr Satomi Tanaka (CMRI, Sydney)
Dr Johannes Wilbertz (Karolinska Institute, Sweden)

Sessions include:

Assisted Reproduction;
ES cell targeting and knock-out production;
Transgenic production;
Transgenics in research;
Other Transgenic Systems;
Consortiums;
Cryopreservation and workshop:

Organizing Committee:

Elizabeth Williams. TASQ, University of Queensland
Graham Kay, QIMR, Brisbane
Julie Scott, WEHI, Melbourne
Frances Lemckert, Westmead Children's, Sydney
Ric Broadhurst, Agresearch, New Zealand.
Dmitry Ovchinnikov, IMB, University of Qld
Johannes Wilbertz, Karolinska, Sweden
LLuis Montilou, Madrid.
