

# 9th Transgenic Technology Meeting

organized by the International Society for Transgenic Technologies (ISTT)

March 22-24, 2010  
Berlin, Germany

# TT2010

## Confirmed Speakers:

Ignacio Anegon, Univ. of Nantes  
Michael Bader, MDC Berlin  
Herrmann Bauer, MPI Mol. Gen. Berlin  
Javier Guillen, AAALAC Europe  
Martin Hrabé de Angelis, Helmholtz Center Munich  
Thomas Jentsch, FMP Berlin  
Ralf Kühn, Helmholtz Center Munich  
Judy MacArthur Clarke, Home Office ASPI London  
Holger Maier, Helmholtz Center Munich  
Lluís Montoliu, CNB-CSIC Madrid  
Jenny Nichols, Univ. of Cambridge  
Klaus Rajewsky, Harvard Boston  
Hans Schöler, MPI Münster  
Robert Taft, The Jackson Laboratory Bar Harbor  
Teru Wakayama, Riken, Kobe  
Markus Wöhr, NIMH Bethesda  
Wolfgang Wurst, Helmholtz Center Munich  
Branko Zevnik, TaconicArtemis Cologne

mouse coat  
color genetics,  
cryopreservation,  
iPS cells, rat ES cells,  
international projects,  
rodent models in research,  
shRNA knock down, running  
a transgenic facility, transposon-  
mediated transgenesis, zinc finger  
nucleases and many more topics ...

**MDC** MAX-DELBRÜCK-CENTRUM  
FÜR MOLEKULARE MEDIZIN  
BERLIN-BUCH  
IN DER HELMHOLTZ-GEMEINSCHAFT e.V.
